McLean Care
Home and Community Services

Culturally inclusive and accessible social activities for older people.

McLean Care
Home and Community Services

A healthy balance for loved ones and their carer.

Are you keen to meet some new friends? Would you like to get out and about more often? Would you like to learn a new skill or start a new hobby? Would you like to meet people from your own, or other culturally diverse backgrounds?

If you answered yes to any of these, then our Affinity Club might just be perfect for you! No matter how old you are, everyone deserves to enjoy life, have a laugh, meet like-minded people and enjoy social activities in your local community.

The Affinity Club has been designed especially as a welcoming social club for seniors with a range of activities to suit all interests and abilities.

Are you a carer?

The Affinity Club is a government-accredited respite service, operated by a community-based not-for-profit organisation with more than 80 years' experience. We'll provide you with peace-of-mind knowing that your loved one is enjoying a variety of experiences provided by our qualified staff.

Using a respite service for your loved one can help carers get to work, attend to their own health and wellbeing, or spend time with other family members. We know that time out is important for carers so that you can continue caring for your loved one at home for longer.

Our programs are tailored to suit the needs and interests of all our clients.

You can select from a range of activities to create your own program. From paint and sip art classes to gentle exercise groups, music groups, women's only craft groups, men's only makers club, an international movie group, photography group, photobook makers group, chess group, cultural celebrations or coffee and conversation classes in your language (ask us what we currently have available). There is sure to be something that suits your needs. Our program is regularly updated and if you have suggestions of what you would like us to include, we would love to hear from you too.

How do you access our respite services?

You can call us directly and we will help you to determine the best way to access our service. In most instances, government subsidised rebates are available for respite. We also offer private fee arrangements. For clients with dementia, please talk to us about an alternative support option that best meets your needs - such as 1:1 support through a McLean Care home care package.

Transport and refreshments.

Light refreshments are offered. Talk to us about any special dietary requirements. Transport to and from your home may also be available for a small fee.

What to bring each time.

Just yourself! What you will take home are wonderful memories with wonderful new friends.
